Dimensions with terminal TK4/TK10 TK10 for currents from 15A

If star point(s) are required, a second row of terminals on the rear of 3UI60 ... 3UI90 is mounted.

Higher output powers are possible with other core materials for series products.

Insulation class / highest final temperature according to IEC60085: B = 130°C F = 155°C H = 180°C
